

FISHING RULES & REGULATIONS AT BUCK HILL FALLS

Buck Hill is fortunate to have two high-quality fishing streams, Buck Hill Creek and Griscom Run. The Buck Hill Falls Company, in cooperation with the Fishing Committee of the Lot & Cot Association continues to work very hard to restore and improve the streams and the natural propagation of Brook and Brown Trout. If you want to try your hand at fishing, please read the following rules by which you must abide.

- **Fly Fishing Only** is allowed. Only fishing rods, associated gear and artificial flies are permitted. Use of live bait, artificial bait (other than artificial flies), lures, etc. is not allowed.
- Fishing is allowed in the Buck Hill Creek from Route 191 all the way to the Buck Hill Falls Sewer Plant.
- Limited fishing is also allowed, with a few exceptions, in Griscom Run from the former Deer Lake area to the area where Griscom Run joins the Buck Hill Creek. No fishing is allowed where Griscom Run crosses the fairways of the second and ninth holes of the golf course's White Course and the ninth fairway of the Red Course.
- **PLEASE NOTE:** Griscom Run from the dam at Paiste Pond going north, including all of Paiste Pond, all the way through the former Deer Lake is catch and release only.

- All fishing laws of the Commonwealth of Pennsylvania for inland waters apply when fishing at Buck Hill.
- A maximum of three fish per day per permit may be taken from the Buck Hill Creek and below the dam at Paiste Pond, on Griscom Run, south to where Griscom Run joins Buck Hill Creek. Any fish taken must be a minimum of 7 inches in length. Any fish caught that is smaller than 7 inches must be returned to the stream immediately.
